Hello! My name is Sophia Katsi, and I am an english teacher at the 1 st experimental primary school. I have a strong passion for education and a deep commitment to fostering a dynamic, creative learning environment for my students. I am thrilled to be part of the eTwinning community, where I have the opportunity to collaborate with educators and students from across all over the world on exciting and innovative projects. Through eTwinning, I am able to bring international perspectives into my lessons, fostering a deeper understanding of different cultures, languages, and global issues.
